Kp. Bojong Koneng RT/RW 001/003, Ds. Telaga Murni, Kec. Cikarang Barat, Kab. Bekasi

I am a graduate of Gunadarma University with a degree in Informatics, equipped with hands-on experience as a Fullstack Developer through internships at PT Pertamina Patra Niaga and PT Astra Daihatsu Motor. Throughout my academic journey, I actively contributed as an Informatics Engineering Laboratory Assistant and served in the Business and Partnership division of BEM-FTI. With a proactive learning mindset and adaptability, I'm excited to take on new challenges, grow continuously, and make a meaningful impact in the IT industry.
